

## ROCKWELL LOCAL OPTION MEASURE REPORTED TODAY

Law and Order Committee  
Unanimously in Favor  
of Measure.

## FIGHT WILL BE MADE ON FLOOR

Representative Steele is Anxious Over  
Treatment Accorded Statewide Prohibition  
Amendment, Which Will  
Go Over Until Next Week for Action.

Special to The Courier.  
HARRISBURG, Feb. 13.—The Rockwell local option bill making counties and towns and cities of more than 10,000 population the unit to vote on whether liquor shall be sold will be placed on the first reading calendar for Monday night. The measure will come up for second reading Tuesday morning and unless action is postponed the final fight on the bill will come next Wednesday morning.

The Law and Order Committee was unanimous in reporting the bill with an affirmative recommendation at its meeting last night before the public hearing on the S. B. Scott club license measure. The next meeting of the Law and Order Committee will be held here next Monday or Tuesday when action will be taken on the joint resolution proposing a Constitutional amendment for statewide prohibition. This resolution was presented in the House by Dr. Steele of McKeesport, who this morning declared that he had not been fairly treated when he had come up in the committee last night. It was through the failure of Representative Rockwell, the sponsor for the county unit local option bill, to vote, that the bill was not reported out favorably in the House today. Representative Rockwell declined to vote to bring the bill out, there being 12 votes favorable and 12 against. This was the first action in the Law and Order Committee, which lined up with the temperance people in the first vote taken last night. He is in favor of the Steele prohibition amendment and it is said that he is working hard both in and out of committee in its interest.

The action on the club license bill will be taken up at the next meeting of the Law and Order Committee. There was some strong opposition presented at the hearing last night, but it is not known whether it will affect the votes of the members already lined up for and against the bill. The House resolution providing ratification of the income tax amendment to the Federal Constitution passed the House by a vote of 151 to 8. Pennsylvania's approval is not necessary, sufficient number of States having already approved the measure. Representative Shannahan of Carbon county has introduced a bill providing for the establishment of vocational schools. Such schools are placed largely under the supervision of the Department of Education, according to the bill, and that branch would have wide powers. Two or more districts may combine to establish domestic science and manual training schools, according to the measure.

Governor Tener's club license bill was introduced in the House today by Representative Samuel D. Scott of Philadelphia. The bill prohibits the sale of intoxicating liquors without a license granted by the court. The fee for such license shall be half of the amount charged retail dealers.

## STATE CORN CONTEST

Back Office Prices for Farmers; This  
County Included.

Believing that better crops will mean increased prosperity, the Corn Exchange Bank of Philadelphia, through its correspondent here, the Second National Bank, has announced a corn contest to be held at the Commercial Exchange, Philadelphia, during the month of February. The contest is open to farmers of four States, Pennsylvania, Maryland, New Jersey and Delaware. A grand sweepstakes prize is offered for the largest ears grown in fields not less than one acre in extent. The first prize in this class is \$100, the second, \$50 and the third \$25. Entries must consist of not less than 10 ears of corn.

## WEST VIRGINIA STRIKERS ARRESTED FOR RIOTING

Troops March on Holly Grove and  
Take 65; 125 Awaiting Trial  
by Court Martial.

United Press Telegram.  
CHARLESTON, W. Va., Feb. 13.—State troops marched on Holly Grove, which is the headquarters of the striking miners of the Paint and Cabin Creek districts, this morning and arrested 65 strikers on charges of rioting. The number of arrests made thus far number 125.

The Military Commission will meet at Point Creek Junction this afternoon for the purpose of conducting the first trials of the arrested strikers. It is understood that many of the men will be discharged on account of lack of evidence.

It was reported here today that the miners held a meeting yesterday afternoon at which threats against the life of Governor Glasscock were made.

## GENERAL ALLEN RETIRES

Head of Signal Service Reaches the  
Army Age Limit.

WASHINGTON, Feb. 13.—After having served at the head of the United States Army Signal Corps for seven years, Brigadier General James Allen relinquished his duties at noon today to his successor in office, Colonel George P. Scriven, who has been acting as his chief assistant for some time past. The change is due to the fact that General Allen became 64 years of age today, and, therefore, under the law was relegated to the retired list.

Colonel Scriven, who succeeds General Allen as Chief Signal Officer, was born in Pennsylvania in 1861. During the Mexican war he served in 1890, Colonel Scriven served as Chief Signal Officer of the relief expedition, and was recommended for the brevet of Lieutenant Colonel for valiant conduct at Tanguin and also at Teking.

## WATER IN MINE

Latrobe-Connellsville Company Has  
Trouble at Derry.

The Latrobe-Connellsville Coal and Coke Company is having trouble at its Derry No. 1 and No. 2 mines because of high water. For nearly a month the company has been fighting against water which has been pouring into the mines. Many men have been laid off because of this.

Most of the water has been entering through the No. 2 workings. Dams were constructed between the two mines but on Tuesday two of the big pumps broke. Rather than risk the possibility of the dams giving way the men were not permitted to work. The issue of the water has been the cause of a strike at the mine. Water is being lifted from the shaft at the rate of 2,000 gallons a minute. Casualty high water in all of the streams of the Latrobe district has given operators trouble for weeks past.

## BOY SCOUTS MEET.

President-Elect Wilson Named Honorary President.

NEW YORK, Feb. 13.—President-elect Wilson was chosen the honorary President of the Boy Scouts of America at the third annual meeting of the National Council of that organization in session here. President Taft and Colonel Roosevelt were elected honorary Vice Presidents. Of the active organization Colin H. Livingston of Washington was re-elected President. The council adopted plans for insuring the lives of the 300,000 boy scouts to reduce the number of train, street car, automobile and similar accidents to children which are preventable.

## FUND PROVIDED TO AID AMERICANS IN WAR-TORN MEXICO

Ambassador is Assured That  
Amply Aid Will be  
Given.

## FIGHTING IS RESUMED TODAY

Neither Side Gained Advantage in Yesterday's Battle; U. S. Troops are Held in Readiness to Sail at Moment's Notice; Transports Ready.

United Press Telegram.  
WASHINGTON, Feb. 13.—Unlimited funds have been placed at the disposal of Ambassador Wilson in Mexico City to care for the 600 American and foreign refugees there.

President Taft this morning issued orders that Wilson was to be given carte blanche in caring for Americans in Mexico. According to the report received by President Taft today from Ambassador Wilson, neither side gained any advantage in yesterday's fighting.

Dispatches received here this morning state the rebels have burned the passenger station of the Mexican National railroad in Mexico City. The structure was erected recently at a cost of \$400,000.

The situation today in Mexico City is as follows: President Madero's forces of 7,000 men are lined up in battle array within 500 feet of the 6,000 men led by Diaz. The rebels are said to be preparing for an immediate attack on the royal palace. Losses in yesterday's fighting are estimated at 500 killed and wounded.

Reports received from the American embassy are to the effect that no Americans were hurt yesterday.

Orders were issued by the War Department this morning for four transports lying at Newport News, to prepare to proceed to Mexico. The transports are the Sumner, Meigs, Kilpatrick and McClellan. The orders followed the instructions given the first division of the army yesterday to prepare to proceed to Mexico. The transports will be able to carry 4,000 men, the number comprising the First Division of the army. It will require at least four or five days for the vessels to complete preparations to sail. They began taking stores aboard this morning and will not be ready to sail until Monday or Tuesday.

All leaves of absence given officers of the First Division were automatically revoked by the War Department this morning, and officers are hurrying to rejoin their troops.

It is not thought that the administration will find it necessary to violate the non-interference policy, but they intend to be prepared should the necessity arise.

What the Federals and rebels hoped would be the deciding battle of the rebellion began at 3:10 o'clock this morning, when Madero's cannon opened fire upon the Diaz batteries, according to advices received here.

The Federals have been supplied with additional ammunition and are firing continued all morning. With the exception that the lines of battle have been drawn closer together both armies are standing in relatively the same positions they occupied yesterday.

## SCHOOL DIRECTORS CONSULT WITH NEW CASTLE ARCHITECT

Board to Obtain Estimates on Cost of  
Erecting at Fourth Ward.

Members of the School Board held a consultation with Architect W. G. Eccles of New Castle, this afternoon at the High School building on the corner of the city hall.

The board is required to hold a public hearing on the proposed new school building, which may be erected on the site of the Fourth ward building.

Architect Eccles is to give the board an estimate on the cost of the building. Present plans call for an expenditure of approximately \$200,000. With the architect's estimate in hand, the board will make preparations to hold an election for the purpose of ascertaining the sentiment of the taxpayers of the borough. At the present time the school district is bonded to nearly its 2 per cent limit, and, according to the new school code, the board is required to hold an election to increase its indebtedness.

The first thing required before holding the election will be to pass three resolutions at a public meeting of the board. The first resolution specifies the amount of money required by the district; the second provides for the election; and the third gives the taxpayers thirty days' notice of the election.

It is probable that the first resolution will be passed at the first regular meeting of the board on the second Tuesday in March.

## AUTO BANDITS, IN STOLEN CAR, PASS THROUGH THE TOWN

Pittsburg Detectives, Giving  
Chase, Lose Track  
of Them.

## KEEP ON TO THE COUNTY SEAT

Driving Furiously, the Fugitives Go  
Through Greensburg and Mt. Pleasant and Then Give Pursuers the Slip; Detectives Keep After Them.

Three auto bandits, armed with revolvers, driving in an automobile which had been stolen in Pittsburgh, drove furiously through Connellsville last night, closely pursued by two detectives from the Pittsburg central detective office.

The men are thought to have been implicated in several holdups which have occurred in Allegheny county during the past few months, and are said to be wanted by the police of several cities.

Tuesday afternoon the men stole an automobile which was standing in front of one of the large office buildings in the central portion of Pittsburgh and drove rapidly away. The car is an Overland, 1911 model, seven passenger machine. The body is painted black and the running gear gray. Its license number is 28,009.

Soon after the loss of the car was discovered, the owner notified the Pittsburg police department, and Detectives D. C. Ambrose and Emil Marshall were placed in charge of the case.

They secured a high powered machine and immediately gave chase. It was found that the bandits had proceeded in the direction of Greensburg, and the officers made such good time on the way there that they were only two hours behind upon reaching that city.

The authorities at Greensburg had noticed a large dark blue car speeding through the town in the direction of Mount Pleasant, and the detectives continued the chase. At Mount Pleasant it was learned that the men had gone to Scotland. Inquiries there resulted in the officers coming to Connellsville. They reached here late yesterday afternoon.

No one here, however, could give them any information concerning the car. It had not been placed in any of the local garages for supplies, so it was thought that the party had proceeded on to Uniontown. After taking supper here Ambrose and Marshall went to the county seat.

Police at the City Hall have been directed to keep an eye open for them and it is possible cause their arrest.

## One Prisoner Discharged.

Charles Davis of Uniontown was the only prisoner arraigned before Burgess J. L. Evans this morning. He was charged with being drunk and acting disorderly. He was discharged with the warning to leave town.

St. Mark's Reformed Church of Cumberland has requested Andrew Carnegie to make a donation towards a new pipe organ.

## PLANNING IMPROVEMENTS AT HUMBERT, IS RUMOR HERE

Plans for Enlargement Being Prepared by Representative on the Ground Here.

In connection with The Courier's story of some weeks ago that Humbert mill may be enlarged upon the abandonment of the Denter mill of the American Sheet & Tin Plate Company, it is stated on good authority that a representative of the corporation has been in Connellsville several days inspecting the South Connellsville plant. This man, it is stated, has orders to prepare plans and drawings for the proposed expansion.

It is thought probable that whether Humbert is to become a larger mill will depend largely upon the estimates submitted to the company. It is said that the Denter equipment will either be brought to Connellsville or taken to an Ohio plant. A larger mill here will insure steady operation. The principal reason assigned for not keeping it going is that a 6-mill plant cannot be operated to best advantage.

## ROBERT JUNK IS 95

Founder of Union Farmers' Club  
Healthy at Advanced Age.

Robert Junk, one of the most widely known residents of North Union township, quietly celebrated his 95th birthday yesterday. It was decided to have no formal celebration of Mr. Junk's anniversary this year, but friends and relatives sent him post cards and he received a box of choice Florida oranges from his son-in-law and daughter, Mr. and Mrs. Gaddis Nixon of near Hopewell, O.

Mr. Junk is as well as usual and spent much of his time reading. His mental powers are undimmed and he is remarkably active for his advanced years. Mr. Junk spent all his life in North Union township. He has had second sight and has not used glasses for eight or ten years. Since his marriage he has been a member of the Laurel Hill Presbyterian Church.

## MILK SUPPLY IS UNDER SUSPICION IN TYPHOID PROBE

Unsanitary Methods Prevail  
is Said to Have Been  
Discovered.

## UNWASHED BOTTLES REFILLED

Assistant Comes to Work With State  
Health Department's Representative  
in Investigating Conditions  
Existing Here; No New Fever Cases.

That the prevalence of typhoid in Connellsville since the first of the year is a direct result of the unsanitary methods of some milkmen delivering in town is said to be the conclusion reached by the State Health representatives making an investigation here.

Among the improper practice of these dealers is that of the habit of refilling milk bottles, which have not been washed. It is said that State Health Officer S. L. Siebert, who is in charge of the investigation, learned that, with few exceptions, the milk dealers do not operate their dairies in a sanitary manner.

D. J. Marshall of New Castle, one of the Western Pennsylvania inspectors of the Department of Health is in town assisting Mr. Siebert in his investigations into conditions here. The officers intend to examine every source from which Connellsville milk is obtained before dropping the investigation. This announcement was made by Mr. Siebert, who declares that the probe will be of a most thorough nature.

Yesterday he began a probe into the milk situation on the West Side, where a majority of the typhoid cases have been found. There, as here, it is said, he discovered that the milk supply appears to have been the source of the disease's spread.

It is said that another State health officer is expected to arrive in Connellsville in the near future to assist in the investigation. During the past 24 hours no new cases of typhoid were reported to the health authorities.

## MINISTER IS ARRESTED

Involved in Graft Probe of West Virginia  
Legislators.

CHARLESTON, W. Va., Feb. 13.—One additional arrest was made today in the Senatorial bribery scandal, when a minister was arrested. The preacher's name has not been made public, but it is understood that he asserts that money was forced on him; that he did not accept of his fee will.

Humors are flying thick and fast about legislative circles that several additional arrests are to be made during the day. It is understood that many who are not legislators as well as several members of the legislature are to be taken into custody. Among the number are said to be two candidates for the Senatorial position.

Judge Henry C. Black this morning issued orders for the calling together of a special grand jury to make a probe into the legislative scandal.

## MRS. HOOP DEAD

## LIVE TO BE 100

Millions Die of Kidney Disease: Tens of Thousands Have It Right Now and Never Suspect It.

The surest and wisest plan to always keep the kidneys healthy and free from poisonous matter that leads to Bright's disease, dropsy and other serious diseases is to take a few doses of Thompson's Barosma every three months.

It is a harmless vegetable remedy put up in liquid form, is quickly assimilated and gets to the sick kidneys at once. If your kidneys are weak, inflamed or clogged up, Thompson's Barosma will put them in splendid shape again. If they are not diseased, this greatest of all kidney remedies will tone up your system anyway.

Graham & Co., Connelldale; S. A. Lowe & Co., Scottdale, sell Thompson's Barosma for 50c and \$1 a bottle on money back plan. It never fails to cure backache, rheumatism, sharp shooting pains and all kidney, liver or bladder disease. In conjunction with Barosma always take Thompson's Danolion and Mandrake Pills (25 cents) when constipation is present. Thompson Medical Co., Titusville, Pa.—Advertisement.

## BALDHEADED ROW

Early Pity Not Always the Cause of Baldness.

Inasmuch as it is an accepted fact that baldness, falling hair and dandruff are caused by a yeast, doesn't it stand to reason that the only way to prevent such calamities is to kill the germ?

And doesn't it stand to reason that the only way to kill these germs is to use Parlan Skin, which A. A. Clarke has so much faith in that he guarantees it to cure dandruff, falling hair and itching scalp in two weeks, or money back?

Parlan Skin is a delightful hair tonic pleasant to use. It is not sticky or greasy, and contains only those ingredients that will surely benefit. It is now sold by druggists all over America and by A. A. Clarke for agents a large bottle. It is used extensively by women who desire luxuriant hair with a radiant luster. The girl with the Auburn hair is on every package.—Advertisement.

## RECEPTION AT Y. M. C. A.

Interesting Program Arranged for Guests Tomorrow Evening.

Secretary E. T. Baer and his assistants have arranged an interesting program for the reception which will be given at the Y. M. C. A. tomorrow evening. In connection with the reception a bean supper will be served. Mr. Baer is the official bean caller. He has 75 pounds of beans soaking and will add 30 pounds of bacon. There will be other things to eat.

The proceeds of the supper will go towards the boys who are earning money to pay their expenses at camp next summer. Twenty-six youngsters have enrolled to date and they are making good progress raising the money that will be required.

The program includes a game of volleyball, exhibition swimming and water exhibitions, fancy billiard shooting and a musical program. The volleyball teams will be made up of Prossitt, Mitchell, Sherrick, Collins and C. D. Baer on one side and Maletta, Lynch, Wetherill, Kaplan and Struble on the other. E. T. Baer and Paul Moser will be in reserve.

K. K. Kramer will direct the fancy billiard shooting exhibition while Frank W. Wright and Louis Featherman will play cue rouge for the satisfaction of the spectators.

Farewell Party at Dawson.

Mrs. John Klidom who leaves soon for her new home near Bellevue, was tendered a farewell party Tuesday evening at her home at Dawson and was presented with a handsome brooch by her friends. Mr. Klidom has been employed in the W. F. Hiley store near Lawson for some time and has been transferred. The evening was spent at various amusements and a dainty luncheon was served.

Party for Husband.

Mrs. D. C. McClintock was hostess at a delightful party last evening at her home in South Connelldale in honor of her husband's birthday. About twenty guests were present and spent the evening at various amusements. Luncheon was served. Mr. McClintock received a number of useful presents.

Superior's Loss Enacted.

A verdict of \$1,000 damages was returned by a jury at Uniontown yesterday against the Road Supervisor of Stewart township in behalf of Byron Bush and wife. The plaintiffs contended that Mrs. Bush was thrown from a wagon because the roads were in bad condition.

Engagement is Announced.

Mr. and Mrs. Murray Trimble of Scottdale, have announced the engagement of their daughter Miss Leota Kay Trimble to Mr. Harry Hinkley, son of Mr. and Mrs. William Hinkley of Uniontown. No date has been announced for the wedding.

Birthdays Celebrated.

Twenty-four guests attended a birthday party given in honor of the twenty-ninth birthday of Miss Susan Rimmel of Jackson Hill, and the sixth birthday of her grandson, Ulrich Rimmel of Jackson. Luncheon was served at 10 o'clock.

Licensed to Wed.

Thomas T. Bailey and Sarah E. Workman, both of Bulskin township were granted a marriage license in Uniontown yesterday.

IF THIS IS YOUR BIRTHDAY.

You may expect checks each day you return, but money loaned to your acquaintances will not return. In general, your year will be successful.

Those born today will have pleasant and generous dispositions and many friends. They will be whimsical and will have strange fads, but their sunny dispositions will counterbalance these, and give an interesting character.

HAVE A HEALTHY SKIN

Wonderful Discovery That Quickly Clears the Skin.

Don't envy every good complexion you see, and wish for something that would give your skin the lush and beauty of youth, but go today and secure a jar of Iokam, the cream that acts with nature in restoring skins to their normal health and beauty.

Iokam is entirely different from ordinary preparations, as it contains no grease, lead or mercury. It is antiseptic and healing, and possesses curative properties that exert a remarkable and quick action on any form of skin blemish or trouble, no matter how severe.

A good way to test Iokam is to wash the face or hands thoroughly, then apply a little Iokam to the face or hands and rub until it falls out. The amount of dead black skin and dirt that come out will make you think your skin was never clean before.

People who have had skin troubles for thirty years have found almost instant relief and complete cure in Iokam.

Liberal jar for 25c. Larger sizes 50c and \$1.00.

## Come—Farm Where Success is Sure

WHY waste time and wear out your life working an Eastern farm, when land in the Sacramento Valley, California, will produce many times more net profit to the acre, with less work and worry. In Northern California the soil is richer, sun shines more often and irrigation makes you independent of the rain and drought.

Oranges, alfalfa and all fruits, grains, grasses and vegetables mature four to six weeks earlier in Northern California.

Stock and poultry are easier to raise and produce more because the climate is milder, and they can be kept out of doors all the year, where green feed grows in abundance. Markets are near, with cheap railroad, river and trolley transportation. Investigate these wonderful farms; large acreage is unnecessary.

"TWENTY'S PLENTY" "FORTY'S A FORTUNE"

Read carefully this table of profits and note the production to the acre, you will then understand why the Kuhn farms in the Sacramento Valley are money makers.

Alfalfa	80 to 100	Lemons	\$150 to \$200
Almonds	90 to 100	Legumbarries	180 to 300
Apples	100 to 200	Olives	100 to 200
Apricots	100 to 150	Oranges	200 to 400
Avocadoes	100 to 200	Peaches	200 to 300
Bananas	80 to 100	Pears	150 to 300
Blackberries	150 to 300	Plums	100 to 200
Cherries	150 to 300	Potatoes (Irish)	100 to 150
English Walnuts	125 to 300	Potatoes (Sweet)	100 to 150
Grapes (Raisin)	50 to 150	Strawberries	200 to 300
Grapes (Table)	75 to 150	Sugar Beets	40 to 75
Onions (White)	80 to 150	Tomatoes	100 to 150

## NEW LABORATORY GIVEN PHYSICIANS ABOUT SCOTSDALE

It Will Be in Charge of an  
Experienced Path-  
ologist.

### A GREAT VALUE TO COMMUNITY

C. B. Francis, Teacher of Science,  
Leaving School to Take Up Indus-  
trial Work—Funeral of Mrs. David  
Hough—Other Notes of News.

Special to The Courier.  
SCOTSDALE, Feb. 14.—Giving  
the physicians of this community  
every facility in diagnosis enjoyed by  
the practitioners of the cities a com-  
plete clinical laboratory has been  
placed at their disposal, with an ex-  
perienced pathologist in charge, by  
the Broadway Drug Company. This  
means much to the people of this  
community, insuring speedy and re-  
liable tests of a bacteriological and  
microscopic nature that the local  
physicians would not be able to han-  
dle, and saving valuable time from  
the specimens being sent to distant  
laboratories and the delay in wait-  
ing their return. Not long ago the  
matter was placed before the Physi-  
cians Round Table that a laboratory  
be established in Scottdale to help the  
physicians in their diagnosis, and the  
plan met with approval. After this  
was arranged it was the unani-  
mous opinion that one physician be  
given charge of the laboratory and to  
make all the tests, and this also has  
been arranged for.

Fluor tests, tests for typhoid fever,  
diphtheria, and all the other tests  
which are of such inestimable  
value in confirming diagnosis, will be  
made. The people of Scottdale are  
certainly to be congratulated upon  
being afforded this extra safeguard  
in the cure and prevention of disease,  
and being in the hands of one of the  
most competent and experienced in this  
sort of research adds an element of  
the personal to the examinations and  
their painstaking character that  
might be absent where the specimens  
were sent to a public laboratory.

The laboratory is now being oper-  
ated at the Broadway drug store, and  
the equipment installed includes one  
of the latest and most powerful of  
microscopes and improved apparatus  
for the most thorough tests.

CHANGING CHINA.  
The Rev. F. S. Dobbins of Philadel-  
phia will speak in the Baptist Church  
on Sunday morning at 11 o'clock on  
"Changing China." Mr. Dobbins is  
familiar with the changes now taking  
place in China and has an address  
on this subject worthy of a wide  
hearing. On Sunday evening Pastor  
Russell will speak at 7:30 on "The Two  
Harvests."

MR. FRANCIS LEAVING.  
C. B. Francis, for several years  
teacher of the sciences in the Scottdale  
High School, has sent his resignation  
to the Board of Directors, and will  
quit his position in this place on  
Friday, according to report. Mr.  
Francis is a teacher of a high order  
and a practical man. He was con-  
nected with the "Eck" company at  
one time for some time before entering  
the schools here. He goes to Clariton  
to take an important position with a  
manufacturing concern there.

WILL SPEAK.  
The Rev. D. E. Vishanoff, M. D., a  
converted nobleman of Thessalonica,  
Macedonia, will preach for the Rev.  
J. J. Funk, at the Overland United  
Brethren Church this evening at 7:30  
o'clock and at the Mount Noble  
Church on Saturday evening at 7  
o'clock.

FUNERAL FIELD.  
The funeral of Mrs. Rebecca Wal-  
ter Hough, widow of David Hough,  
who died early in January, took place  
on Wednesday. The widow survived  
her husband less than a month, dying  
from apoplexy on Saturday. She was  
a well known woman of South Pitts-  
burgh township and like Mr. Hough  
had been married twice. Two chil-  
dren are left from the first marriage,  
Mrs. Irvin Housh and Miss Mild  
Walter, and one son by the second  
marriage, Charles Hough of town.  
The services were held at the Brick  
Lutheran Church in South Pitts-  
burgh township.

"Two Quiet Bachelors."  
The musical part of the festival  
given by the Dawson Volunteer Fire  
Department, under the direction of  
Harry Rush at the Dawson Opera  
House, Monday and Tuesday nights,  
February 17 and 18, promises to be  
very elaborate and a number of new  
songs will be introduced together with  
several new musical numbers. Seats  
can be secured at Gruen's Drug Store,  
Dawson, or Porter's Drug Store, Van-  
derbilt.—Adv.

## QUININE? NO! PAPER'S BEST FOR BAD COLD

First Dose of Paper's Cold Compound  
Relieves All Misery From a Cold  
or the Grippe.

It is a positive fact that a dose of  
Paper's Cold Compound, taken every  
two hours until three consecutive  
doses are taken, will end the Grippe  
and break up the most severe cold,  
either in the head, chest, back, stom-  
ach, limbs or any part of the body.  
It promptly relieves the most ter-  
rible headache, dullness, head and  
nose stuffed up, feverishness, sneez-  
ing, sore throat, running of the nose,  
mucous, catarrhal discharges, sore-  
ness, stiffness and rheumatic twinges.  
Take this wonderful Compound as  
directed, with the knowledge that  
there is nothing else in the world,  
which will cure your cold or  
Grippe misery as promptly and with-  
out any other assistance or bad after-  
effects as a 25-cent package of Paper's  
Cold Compound, which any druggist  
can supply—accept no substitute—  
contains no quinine. Belongs in every  
home. Tastes nice—acts gently—Ad-  
vertisement.

CONNELLSVILLE DRUGGIST  
MAKES A STATEMENT.  
We always advise people who have  
stomach trouble to take Adler's  
doctor. But to those who do not wish  
to do this we will say: try the mix-  
ture of simple buckhorn bark, glycer-  
ine, etc., known as Adler's. This  
simple new remedy is so powerful  
that JUST ONE DOSE usually re-  
lieves your stomach, gas on the  
stomach and constipation QUICKLY.  
People who try Adler's are sur-  
prised at its QUICK action. Fred J.

# New Grand Central Terminal

A wonderful city, within a city, built for the  
comfort and convenience of the traveling public.

The main Grand Central Ter-  
minal Building in New York is now  
open to the public. This vast  
improvement is more than a great  
railway Terminal—it is a Terminal  
City, complete in itself, providing  
every detail essential to comfort  
and convenience.

It will embrace convention,  
amusement and exhibition halls,  
hotels, clubs and restaurants; post  
office, express offices, modern apart-  
ment and office buildings, and num-  
erous stores and specialty shops.

Grand Central Terminal is the  
Heart of New York. At Forty-  
second Street and Park Avenue

(Fourth Avenue), one block from  
Fifth Avenue and convenient to  
Broadway.

It is the only Terminal on all  
lines of local traffic—subway, sur-  
face and elevated. More than 7,000  
cars pass its doors every day, afford-  
ing easy transit facilities to any  
part of Greater New York. Around  
it, and within a radius of a few  
blocks, are forty-nine hotels, fifty-  
eight clubs and thirty-five theatres.

Three new lines of underground  
transportation are now building to  
Grand Central Terminal, and soon  
there will be six levels for human  
traffic in Forty-second Street.

Underneath the Terminal City  
and its streets are 33 miles of rail-  
way tracks on two separate levels,  
the upper for Through Service and  
the lower for Suburban Service.

Each level forms a complete ter-  
minal in itself, separate entrances  
and exits, with equal facilities for  
the comfort of passengers.

Both levels are reached by gently  
inclined walks. No stair climbing,  
and no confusion, since incoming  
and outgoing traffic is separated.

Ticket, Pullman, Baggage and  
other facilities are progressively ar-  
ranged from waiting room to train,  
no step need be retraced.

Plan your trip East over the New York Central Lines; enjoy restful sleep on the

**REMODELING AND  
CLEARANCE SALE**  
of Wall Paper, Paints, Etc.

The remodeling of the interior arrangements of  
my store room is well under way.

In the course of the alterations and the changing  
of the bins and shelving, we have gotten together a  
large quantity of one room and odd lots of papers  
which I wish to dispose of quickly, as all of the bins  
will be used for the new stock.

In addition there will be several other interest-  
ing features which will merit your attention.

Further particulars, prices and opening date of  
sale will be announced in this space in a few days.

## A SMALL LEAK WILL SINK A GREAT SHIP

(Copyright, 1913, by J. P. Fallon.)

You may spend as you go, paying no attention to the opportunities to save which are advertised by progressive merchants, but you will find sooner or later that little expenses count up to large sums.

A loud, here-and-there buyer can quickly squander all her money by forgetting the value of the little purchases.

Care in expending the small amounts will quickly repay the economical housewife.

Every night in advertising columns THE COURIER points the way to many opportunities for stopping the small leaks. Special rates are advertised by the merchants. In small things, such as soap, ribbons, and notions, there may be just one penny or two, but when you add them all together you will find that the penny makes a dollar or two.

Read all the advertisements in THE COURIER closely and constantly every night for opportunity to save not only pennies but dollars.

## BRIER AND BRIBED.

Colonel William Seymour Edwards, cousin of Colonel Theodore Roosevelt and Bull Moose candidate for United States Senator in West Virginia, has committed a grave offense against the ethics of practical politics. He seems to have bought several votes and then "switched" on the sellers. He explains that through his detectives he tempted the legislators for the purpose of ruining them politically and eliminating them from the contest.

The Colonel's plan seems to be to kill off enough of the opposition to secure to himself a majority of the Legislature and the Senatorial term. He evidently inherits the strong-arm spirit of his distinguished relative, who recently boasted that he had killed the whole Republican party.

As politics gain in progressiveness they lose in that old-fashioned spirit which put the party and its principles above the man and his sordid ambitions.

Colonel Edwards may be an honest man himself, but his methods are not creditable to an honest man. He bribes another, or who induces him to commit any crime, is more or less participant criminal. The humble representatives from the back townships perhaps saw yellow when he backed \$1,000 bills before. The temptation was too great. They fell.

But are the spotless sentiments of Colonel William Seymour Edwards, chief among the modern Tribe of Pharisees, still white? By what standard shall this man be judged? Shall it not be by the one he has set up, or are the virtues of the Progressives a mere sham?

## BUTTER AND BURGLARS.

The action of the West Penn Electric Company in providing identification badges or buttons for its employees charged with the duty of reading the meters in the residences of consumers of electric current, should be copied by other public service corporations whose employees so easily enter the homes of citizens in the discharge of proper duties.

It is a favorite rule of burglars and sneak thieves to gain entrance into private homes in this manner, and either pick up valuables while within or make or plan a way to get into the house when the night comes.

The employees of the public service corporations are now taken on faith except in the few cases where they happen to be personally known to the household or some member thereof. The public should not be obliged to take such risks and the public service corporations should not force them to do so.

The activity in Greene county coal is only exceeded in Conneltsville by the activity in moving picture propositions, but the average "movie" is always on the move.

Senator Crow's probe has been considerably shortened by the Professional Reformers of the House, but it is still sharp enough at the end.

The Red Flag and the Black Hand have been placed on the Black List.

The anthracite coal district may elect its chief mine inspector if it likes, but the bituminous region prefers not to mix so grave a business with politics.

The Young Men's Christian Association has become a night school. It is hardly necessary to state that it is a good school.

Safety first has not yet served to prevent the customary groups of railroad accidents.

It is being gently intimated to the Town Council that Conneltsville cannot have the permanent use of the State Constables to police the town. The Police Committee had better lose no time in seeking new blood.

The typhoid fever trouble has resulted in a careful sanitary survey of the town which may furnish the local health authorities with some valuable pointers for their future guidance.

The bank clerks all agreed yesterday that the immortal Lincoln was a great and good man.

The State Constables acting as temporary Conneltsville policemen captured a Drunken, which they found it necessary to rope and tie, but which they refrained from beating because it wasn't that kind of a drum.

It takes a brave private to capture and subdue a warlike major.

## Abe Martin.

According to the nickel-theaters our actors are becoming good Indians. By the time some fellows get ready to pay you it's just like finding it.

When a speaker adjusts his spectacles on a fumble around his inside pocket it's a good time to quietly leave the hall.

The style of a thin comes in right handy with the high cost of living.

## MOTHER SO POORLY

Could Hardly Care for Children—Finds Health in Lydia E. Pinkham's Vegetable Compound.

Bovina Center, N.Y.—"For six years I have not had as good health as I have now. I was very young when my first baby was born and my health was very bad after that. I was not regular and I had pains in my back and was so poorly that I could hardly take care of my two children. I doctored with several doctors but got no better. They told me there was no help without an operation. I have used Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I do most of my own work now and take care of my children. I recommend your remedies to all suffering women."

Mrs. WILLIAM A. GRASMAN, Care of ELSWORTH TUTTLE, Bovina Center, N.Y.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and today holds the record of being the most successful remedy we know for woman's ills. If you need such a medicine why don't you try it?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## Rheumatism

A Home Cure Given by One Who Had It.

In the spring of 1883 I was attacked by Rheumatism and inflammation. I suffered an only those who have it know, for three years. I tried remedies after remedies, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me when I was in the most desperate condition. I have given it to a number who were terribly afflicted and have been ridden with Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. If after you have used it and it has proven itself to be that long-sought-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understanding I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 476 Albanian Bldg., Syracuse, N. Y.

**If You Value The Power of Money Buy Now.**

The Union Supply Company are now offering, for men, boys and children, some very great bargains in the clothing departments. At some of our stores, there are yet fair stocks of overcoats for men and boys.

The mild winter weather checked the demand, but we want to sell them, and even if you carry them over until next season, the price we are offering them at would be an inducement for you to buy. These are suits for men in heavy weights and medium weights, new, first-class goods the most fashionable the market produces, but our stocks are too heavy and we are going to close them out. Prices are cut to a point which makes it a great inducement for you to buy. There are quantities of boy's and children's clothing selling at half price. Now you want these goods; we want to sell them, and prefer to give them to you at reduced price, rather than carry them over. Our regular clothing prices are low, but with these special cuts, they are simply great bargains.

## Concerning Your Eyes

An Optometrist is best qualified to supply the lenses your eyes need if your vision is defective and can be improved with glasses.

If you do not need glasses, we will tell you so.

That's worth knowing, isn't it?

If your eye trouble is due to disease, we will detect at the beginning of our examination and advise you to see your physician, or an oculist. We do not use drugs—"drops."

### DURABLE PLUMBING

The length of service is the true test of plumbing cost. Our work is done in accordance with the best methods, and we install standard plumbing fixtures which are guaranteed, so you need have no fear of the durability of your plumbing when we do the work.

Our methods, experience, and ability for handling your contract form the basis upon which we solicit your order.
